

# Extension Leads

Fanmaster is proud to release a new range of Heavy Duty Extension Leads designed specifically for the Australian Industrial market, available with 10A and 15A Plug/Sockets featuring 1.5mm<sup>2</sup> core 15Amp cables, LED indicators, durable PVC sheaths and compliant to AS/NZS Standards. Fanmaster Extension Leads are built to survive in the harshest of environments and are the perfect accessory for every job across every industrial, workshop, garage, construction or mine site.
