

PORTABLE EXHAUST BLOWER

Description:

The Portable Exhaust Blower was designed to exhaust toxic gases and dust from the harshest of work environments. This robustly built Australian-made product is often used to evacuate potentially explosive gases or can also be used as a blower to deliver fresh air to workmen in confined or hot areas. The Portable Exhaust Blower is available in 150mm or 200mm, both supplied with 5m of ducting and an intake hood. Three phase and intrinsically safe models are also available.

Features:

- ⊕ Australian-made
- ⊕ Robustly built
- ⊕ Powerful
- ⊕ Capable of extraction and blowing
- ⊕ Special application pickup hoods available.

Specifications:

Model #	Diameter	Motor	Air Flow
PE160-2	150mm	750W/240v	440L/s
PE160-2-3	150mm	750W/415v	440L/s
PE160-2-3E	150mm	750W/415v	440L/s
PE250-2	200mm	1500W/240v	1310L/s
PE250-2-3	200mm	1500W/415v	1310L/s
PE250-2-3E	200mm	1500W/415v	1310L/s
